CAPITAL GOSSIP AND PROV. NEWS

SIR PERCY SCOTT DEAD

London, Oct. 18.—Admiral Sir Percy Scott, noted naval authority, is dead in his 73rd year. He was created first baron in 1913, after a lengthy service in the navy which he entered in 1860 and was in charge of the gunnery defense of London against the German aircraft attacks in 1915-16.

He was the inventor of night signalling apparatus now used in the royal navy and of various appliances for improving the firing of heavy guns. He had numerous decorations for services in the Congo, Egypt, South Africa and China.

TOWN OF MACLEOD

tion with the British Overseas Investment Board, young men of from 15 to 25 years of age will be provided for special training in agriculture before going on the land. There are now fifty of these young men on the way to Alberta to take this course, they having sailed this week. More will follow later.

Alberta Stock Wins Again
Alberta cattle were to the front in the prize offerings at the annual stock and feeder show at Winnipeg, Man. the past week. Mr. Minnick, of the Peace River District was first and second for the best five Shorthorn steers. Wright of Lloydminster won first for best carload of Shorthorns, while Pontyner Bros. of Montreal, won first in the Hereford classes. At the Saskatchewan show at Moose Jaw, Alberta men also won prizes.

Crow's Nest Railway Rates
Consequent upon the cancellation by the Railway Commissioners of Canada, of the Crow's Nest Pass

railway rate agreement, President Greenwood, representing the Alberta government's view, made the following statement:
"The Government of Alberta considers the maintenance of the Crow's Nest Pass agreement absolutely essential to western producers. The decision handed down by the Board of Railway Commissioners looks like the beginning of a long fight."
The Provincial Government acted jointly with the governments of Manitoba and Saskatchewan in the recent hearing at Ottawa, and expect to continue that arrangement.
"Unfortunately an appeal will be taken to higher authority. What the nature of the appeal will be, will not be decided until the government has had an opportunity to study the judgment of the Board and confer with the Governments of Manitoba and Saskatchewan."

Labor Placements
During the month of September the Alberta Government Employment

Who Does This Trade Mark Mean?
You will use this shield-shaped trade mark in hardware stores everywhere. You won't see it on cheap inferior goods. It goes only on household essentials of the highest quality, yet selling at moderate prices because of the tremendous quantities sold each year.

Choose quality and baking utensils that carry this trade mark. Choose SMP Standard Ware, with its very hard, smooth surface. Heavy duty, clean easier, impervious to metallic flavor, causes no dangerous re-treatment. Add for:

SMP Standard Ware
Three Ensembles: Pearl Ware, two sets of pure-grey enamel (sinks and cutlery); Diamond Ware, three sets, light blue and white outside, white lining. Crystal Ware, three sets, pure white inside and out, with Royal

From Home
The following news also found its way to the front page of the paper:

It is not yet known how many of the 1,750 applicants for the 603 positions were withdrawn by the applicants. Of the total 5,049 placements were in agriculture, the majority being harvest hands. During the first two weeks in September the employment service was able to fill 4,617 places out of 4,846, in comparison with Saskatchewan's placement of 4,422 out of 10,844 orders.

Alberta Butter Exports Growing
Alberta is fast climbing to the front as an exporter of high quality creamery butter to the rest of the world. In 1922, the total exports of butter from this province to the markets reached nearly 1,000,000 lbs. In 1923 the total had grown to nearly 1,500,000 lbs. and in 1924, to date, the total exports had reached nearly 2,000,000 lbs. The exportation of the total will be over 4,000,000 lbs. by the end of the year. If the same rate of increase is maintained during 1925, the total exported by the end of that year will have reached 4,000,000 lbs., or nearly half the present grand total of all creamery butter produced in the province.

The bulk of butter exported from Alberta goes to Great Britain, but other foreign markets include several of the United States, Canada, Japan and even Manila. In the British Market Alberta butter has been established as a distinct product and Alberta firms are now shipping to that market butter that not only appears under its own brand name, but also is trading very closely on the basis of the famous Danish and New Zealand product with respect to quality.

And what has established Alberta butter so firmly in the world market? The credit goes largely to the fact that at the door of the government cream grading system inaugurated by the provincial government two years ago with the full endorsement of dairy farmers of the province, a system which supplements the butter grading system, and carries right back to the producer of cream on the farm the full benefit of the higher price for quality product, a system which naturally results in the production of a higher standard butter.

Steady improvement. Of the 3,500,000 lbs. of butter graded for export this year, 90 per cent. was classed in the special and first grades. In this amount of butter graded, the increase in "firsts" this season over last has been from 62 per cent. to 66.3 per cent., with a consequent drop in the low grades of butter from 34.4 per cent. to 33.7 per cent. Of the total amount of cream graded this year, there has been an increase in "special" grade over last year from 37.9 per cent. to 41 per cent., and an increase in "firsts" from 40.8 per cent. to 44.2 per cent. All this indicates a constant improvement in the standard of the Alberta product.

Steady improvement. Of the 3,500,000 lbs. of butter graded for export this year, 90 per cent. was classed in the special and first grades. In this amount of butter graded, the increase in "firsts" this season over last has been from 62 per cent. to 66.3 per cent., with a consequent drop in the low grades of butter from 34.4 per cent. to 33.7 per cent. From Home
The following news also found its way to the front page of the paper:

It is not yet known how many of the 1,750 applicants for the 603 positions were withdrawn by the applicants. Of the total 5,049 placements were in agriculture, the majority being harvest hands. During the first two weeks in September the employment service was able to fill 4,617 places out of 4,846, in comparison with Saskatchewan's placement of 4,422 out of 10,844 orders.

Alberta Butter Exports Growing
Alberta is fast climbing to the front as an exporter of high quality creamery butter to the rest of the world. In 1922, the total exports of butter from this province to the markets reached nearly 1,000,000 lbs. In 1923 the total had grown to nearly 1,500,000 lbs. and in 1924, to date, the total exports had reached nearly 2,000,000 lbs. The exportation of the total will be over 4,000,000 lbs. by the end of the year. If the same rate of increase is maintained during 1925, the total exported by the end of that year will have reached 4,000,000 lbs., or nearly half the present grand total of all creamery butter produced in the province.

The bulk of butter exported from Alberta goes to Great Britain, but other foreign markets include several of the United States, Canada, Japan and even Manila. In the British Market Alberta butter has been established as a distinct product and Alberta firms are now shipping to that market butter that not only appears under its own brand name, but also is trading very closely on the basis of the famous Danish and New Zealand product with respect to quality.

And what has established Alberta butter so firmly in the world market? The credit goes largely to the fact that at the door of the government cream grading system inaugurated by the provincial government two years ago with the full endorsement of dairy farmers of the province, a system which supplements the butter grading system, and carries right back to the producer of cream on the farm the full benefit of the higher price for quality product, a system which naturally results in the production of a higher standard butter.

Steady improvement. Of the 3,500,000 lbs. of butter graded for export this year, 90 per cent. was classed in the special and first grades. In this amount of butter graded, the increase in "firsts" this season over last has been from 62 per cent. to 66.3 per cent., with a consequent drop in the low grades of butter from 34.4 per cent. to 33.7 per cent. LOCAL AND PERSONAL NEWS

R. V. Grier, of Calgary, was the guest of Mr. and Mrs. D. J. Grier for a few days last week.

J. D. Matheson, Macleod left for Calgary on Wednesday to attend the appeal Court.

Mrs. T. B. Lowe, of Calgary spent Thursday last in Macleod the guest of Mrs. Jas. Ringland.

Liquor Commissioner Dinning left Edmonton on Tuesday for a tour of inspection of southern Alberta and the Pass.

Joe Hicks, barrister, was successful in obtaining judgment for his clients in two cases before Judge MacDonald in district court held at Blairmore, commencing October 19th.

Mr. G. G. Cooke, member of Parliament for the Macleod Federal Constituency will be present, and address the Farmer's meeting to be held on Saturday, October 25th in the Old-fellows Hall for the purpose of discussing the present wheat grading system.

Mr. and Mrs. F. C. Cutler left on Sunday in their car for a two days motor trip to Waterton Lakes, Cochrane and near by points. Mr. Cutler states he has never seen the Cochrane Lakes so scarce of ducks he only saw a few during all the time he was out.

A farewell party was held at the home of Mr. and Mrs. Chugg at their farm a few miles north of Macleod. The guests of honor were Mrs. Chugg and her two daughters Pearl and Thelma, who are leaving Macleod in a few days to take up their residence in Spokane. A large number of their friends from Macleod and district were in attendance and a very enjoyable evening was passed with cards, dancing and other social entertainment. A buffet luncheon was served by Mrs. Chugg at 12 o'clock after which dancing was resumed until the tired but happy party bade their adieu combined with best

It with a 25 rifle, and at a good long range. It has been sent to Calgary for mounting.

J. D. Matheson, crown prosecutor, was at Blairmore last week on legal business.

J. W. McDonald, K.C., was a visitor to Blairmore last week on legal business.

Chief Justice W. C. Simons presided this week at the Criminal Sittings of the Supreme Court in Macleod.

The Annual Meeting of the Boy Scout Association will be held in the Town Hall on Friday evening next. All parents and guardians of boys who are interested in this world wide boys popular association are asked to be at the Town Hall at 8 p.m. Friday 24th.

The regular meeting of the Town Council was held at the Town Hall on Monday evening last. A full attendance of Councillors was recorded with Mayor McDonald presiding. Only the ordinary routine business was disposed of and the meeting adjourned until the next regular meeting.

The Grand Patriarch of the Grand Encampment I. O. O. F. of Aha, will visit Macleod. Encampment officially on Monday Oct. 27th, 1934. All Camp members in the district are requested to be present at 8.00 sharp. At 5.30 there will be a banquet to which all subordinate Lodge members are invited.

At the regular monthly meeting of the Management of the Macleod Sunday School it was decided to hold the annual Christmas Tree on 22nd December, 1934. Committees were appointed to the various departments of the entertainment, which the committees say will exceed all previous records.

The son of Mr. and Mrs. Harry Bright of Macleod, who is attending the University at Edmonton again made a brilliant display at the athletic sports held in the northern city. He easily outplayed all comers in hammer throwing and in several other events proved himself an athlete who will figure high in the record class.

J. Driver, a Macleod farmer, brought into town on Friday last a cabbage weighing just over 22 pounds. The vegetable was an excellent specimen, solid and firm. This is one of the largest cabbages that have been seen in the district, can any other farmer beat this record.

The opening of the season's work for the Macleod and District Board of Trade will be on Tuesday evening, October 23rd, beginning with a supper in the Palace Cafe, on 24th Street. The program will consist of an address on Irrigation, by a member of the Dominion Irrigation staff, which will be followed by a musical program. Every farmer in the district should attend these irrigation meetings, as they are now interesting for all. Every business man is in-
